How does the "CLUB" age group work?

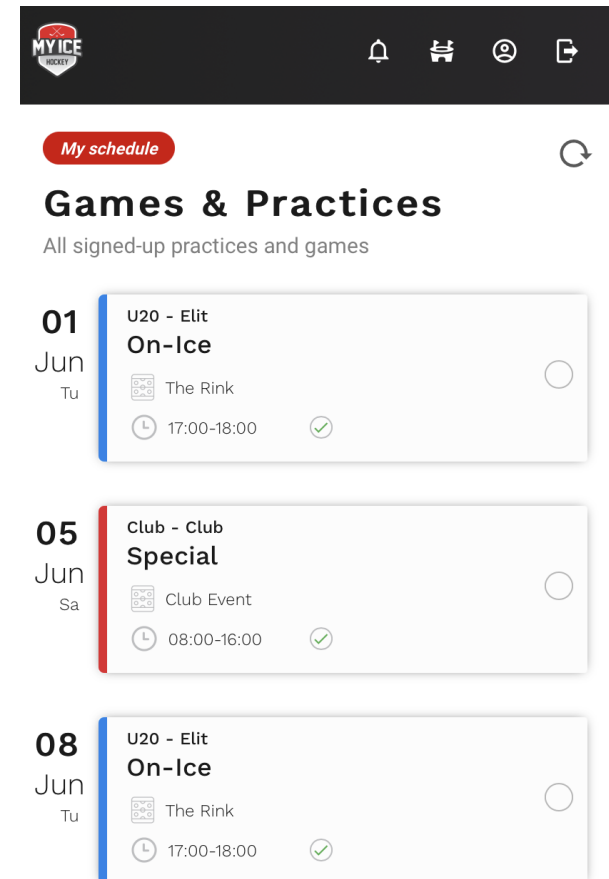

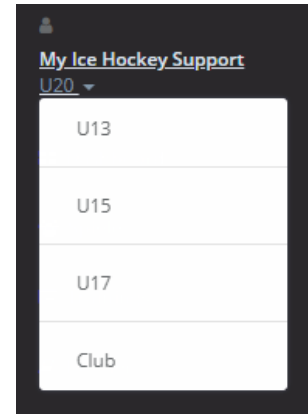

The **CLUB age group** can be used to record general **CLUB EVENTS** (General assembly, paper collection, club fest, cross-age camps, etc.) **only once**.

This way, each coach does not have to enter these events individually at his or her age group. This age group is free of charge.

Tip: It is sufficient if only the **CLUB ADMIN** has access to the CLUB age group.

There are **two different ways** you can use the CLUB age group.

- 1) Add **ALL** players/staff/coaches to the CLUB age group. Then when you add an event to the CLUB age group, all players/staff/coaches **will see the event on their respective platform**. (see right screenshot of the player mobile app)
- 2) Do **NOT** add players/staff/coaches to the CLUB age group. If you enter an appointment in the CLUB age group, **the appointment will only be displayed in the club schedule**. Since only coaches have direct access to the club schedule, it is useful if the club schedule is integrated on your website.
